126 Street Mongo Semi, Republic of the Congo

ABOUT ME

Hi I am Ferdin and from the moment I ran a JavaScript code in the console, I knew I was hooked into the world of web development. However, web development has never been ''just a job'' for me, it's offered an engaging challenge to continually learn and improve my skills in creating high-quality website. I care about writing clean code and I genuinely love to learn. I am very passionate about coding and finding new ways of improving.

WORK EXPERIENCE

Web Development Experience

- Build a small website in React js, using React Router Dom and useState Hooks.

- Developed E-commerce websites using JQuery, HTML and CSS.

- Developed simple and clean website.
